

Freightliner MT55

Freightliner® MT55 walk-in chassis is our most popular Mobile Tool Store platform.

The Freightliner MT55 is a heavy-duty chassis and a perfect choice for high-payload applications like Mobile Tool Stores.

The MT55 is joined by the MT55 Lo-Pro to form the broadest offering of custom walk-in van chassis in the industry. Top that off with Freightliner's North American service network of more than 350 dealers-many of which provide round-the-clock support-and you've got the complete package.

Here are some basic features:

- 25,500- to 30,000-lb G.V.W.R.
- 22-1/2-inch wheels & tires
- 6.7-Liter Cummins, 260-H.P. diesel engine
- Allison 2200 to 2500 HS automatic transmission
- 200-Amp alternator
- 60-Gallon fuel tank
- 20-, 22-, or 24-foot load space

The MT55 shown above features an entry door set back 58-inches to locate your office area up front.
