

# Freightliner MT45

**Freightliner MT45 walk-in chassis is the ideal choice for new franchisees or experienced veterans.**

The Freightliner MT45 is the standard of the Mobile Tool Store industry. Its 178-inch wheelbase and heavy duty flat leaf spring suspension gives you a comfortable ride and tighter turning radius. A lower cost of ownership makes this vehicle an ideal choice for Snap-on franchisees to build a successful business.

Top that off with Freightliner's North American service network of more than 350 dealers—many of which provide round-the-clock support—and you've got the complete package.

Here are some basic features:

- 19,500-lb G.V.W.R.
- 19-1/2-inch wheels & tires
- 6.7-Liter Cummins, 220-H.P. engine
- Allison 1000 HS automatic transmission
- 200-Amp alternator
- 35-Gallon Diesel Fuel Tank
- 16-foot Utilimaster Body
