

Introducing the XLerator Socket Display from LDV

Display your socket tool product line more effectively with the XLerator Socket Display

Much like the XLerator Diagnostics Display, the Socket Display easily mounts on two vertical slotted E-tracks and can be located anywhere you have wall space. This attention-grabbing retail display helps you organize and merchandise different size sockets in an effective and secure way. Comes with three adjustable clips with elbow to hold signage. Size: 30-inch wide x 24-inch tall.

Place your order by calling the Snap-on National Customer Care Center TODAY at 1-877-762-7662, ext. 2 !
