

XLERATOR

New/Featured Product Display

Increase visibility of featured products and promote new products in your Mobile Tool Store with the XLerator New/Featured Product Display.

The XLerator New/Featured Product Display can be easily installed above existing tool box areas using an extruded aluminum channel mounted to the wall. Each display securely fastens to a wall and can be moved around your Mobile Tool Store or carried into a customer's facility.

These durable, powder-coated aluminum display racks are 24-1/2-inches wide, 28-

inches high and 12-1/2-inches deep with a carpeted shelf, pegboard back panel on the bottom half and a promotional graphic panel with plexiglass front on the top half.

Get the 'New Products' and 'Featured Products' backlit signage valances to create additional focus on this area of your Mobile Tool Store. These flexible, translucent graphics are easily applied over your existing ceiling light fixtures above the display shelves.

For more information on these products contact LDV at 1-800-558-5986.

The signage on the XLerator New/Featured Product Display fits your Mobile Tool Store's exterior aluminum sign holder.
